Reviews of the Crazy Creepy Crawlies Game (Crazy Games)

ARE

I bought this puzzle to use in my third grade classroom because my students love the other Crazy Game puzzles that I have. The bug images kind of freak me out (the roach!) but my students love it! It is quite challenging, but possible to solve with hard work. They often work in pairs to figure it out. I love it because it doesn't take up any space since it will fit easily on a desk top. A great activity!
