This text offers a practical approach to law that emphasizes current and relevant topics students need for business transactions. The basic business law concepts are covered without extensive theory, thus making the law more approachable. The substantial breadth of this text, laden with examples and cases, provides an effective introduction to a variety of legal topics.

## Reviews of the Law for Business by Janet Ashcroft, John D. Ashcroft

ZloyGenii

Book arrived ahead of estimated delivery date, in great shape, an absolutely flawless transaction. Great price. Thanks!

Foginn

this item came to me just as specified on the rating. I thank you so much for letting me buy this from you. it helps me a lot

Dddasuk

This textbook arrived quickly and as described. I was very pleased with the results.

Modimeena

The Book was returned without having used it because it was the wrong edition. Where as the Book wanted for the purpose was the 16th Edition, the Book that came was the 13th Edition hence the return. As a result of the mix-up it is difficult to write a meaningful review.

Ygdi

This was my first time to order books online and so far I'm very pleased. I received the books extremely quickly.

Burilar

THIS IS NOT A GOOD BUSINESS LAW BOOK, I ONLY PURCHASED IT BECAUSE I NEEDED IT FOR MY MORTUARY SCIENCE CLASSES.

Sirara

An excellent source of information on Business Law. I had this book for my first college course in Business law and without it I might have failed. The book utilizes real cases and situations to explain virtually every topic. The text is presented in a very clear and concise manner and applies to Business Law as practiced in America today. I personally have even used the information in this book to argue a case of my own in small claims and won. I'm sure the other reviewer of this book just didn't take the time to study and learn the information. Rely on experience, not ramblings, buy this book!

Great
